

CCAS-PS-01U

19-inch 1U brush panel for CCSS and CCSW cabinets

1U high cable management panel, dedicated to 19-inch RACK cabinets of the CCSS (standing) or CCSW (wall-mounted) series. It allows for organizing and securing patch cords in a telecommunications cabinet. The brush panel allows for easy cable entry into the cabinet, as well as routing cables from the front to the rear of the cabinet.
