

WP45X4574

MOSAIC standard

Electrical socket without interlock 230V white

2x230V non-locking white electrical socket, 45x45.
Designed for installation in 45x45 systems.

Technical specifications

Electrical socket without interlock 230V white

Color	white
Number of outlets	1
Panel dimension	45 x 45mm (2M)
Mounting	in a mounting frame
Current rating	16A
Connector	230V grounded power socket

MOSAIC, or one standard

The MOSAIC standard is a standardized size of 2x2 inches, or approximately 25x25 mm. Surface-mounted or concealed elements included in the so-called 'white assembly', such as LAN, electrical, and multimedia elements like electrical sockets, telecommunications adapters, or multimedia modules, are made in this standard. This standardized size ensures that the adapter will fit most supports mounted in frames as well as in trunking in surface installations.
