securityNET F/UTP Cat 5e PE Outdoor Dry Cable 500m

The securityNET installation twisted-pair cable is designed for making connections between multimedia signal distribution points and user connection outlets. F/UTP twisted pair cable (shielded) is suitable for installations in computer networks, telephone systems, CCTV systems, etc., that are exposed to electromagnetic interference. It has a PE outer jacket that protects it from damage resulting from external conditions. The cable meets the requirements of structured cabling standards: ISO/IEC 11801, EN 50173, EIA/TIA 568-C.2.

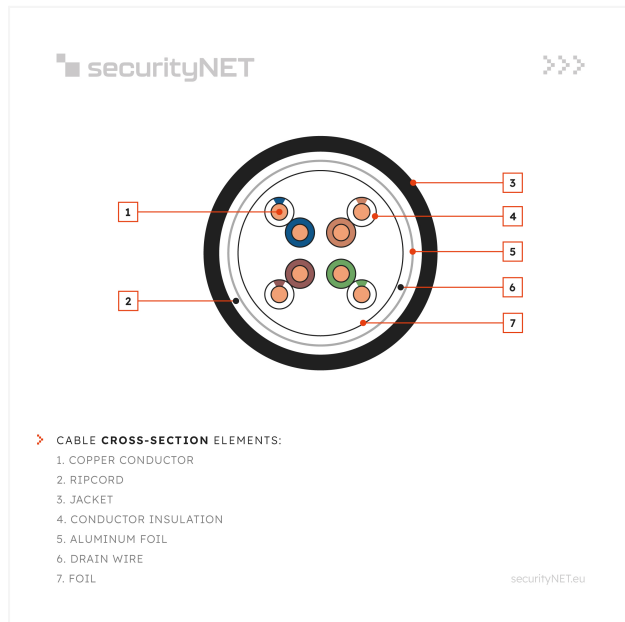

Technical specifications

securityNET F/UTP Cat 5e PE Outdoor Dry Cable 500m

Outer diameter	6,3mm
Category/class	5e (class D)
Shielding	F/UTP
Copper conductor thickness/AWG	AWG24
Wires	solid wire
Conductors	100% copper
Conductor insulation	HDPE, conductor diameter 1.02 mm
Coating thickness	0,55mm
Outer sheath	LDPE
CPR class	Fca
Cable construction	4x2
Bend radius at installation	51mm
Impedance	100Ω
Delay Skew	≤45
Nominal propagation velocity (NVP)	68%

Linear Resistance (max.)	9,5 (Ω/100m)
Pair separator	not
Operating temperature	from -30°C to 60°C
Installation temperature	from -10°C to 70°C
Quantity per package	500m
Insulation color	RAL 9005
RoHS	yes

Polyethylene jacket for outdoor installation

The PE (polyethylene) sheath has been designed for cable installations in outdoor conditions, such as exposure to UV radiation, low and high temperatures, and increased humidity. securityNET cables, in their distinctive black color, offer greater resistance to mechanical damage compared to standard installation cables. The absence of gel filling indicates that the cable is intended for above-ground installations.

A dependable network you can trust

The securityNET twisted pair cable is made of the highest quality copper, making it the optimal choice for building connections designed to last for years. It has undergone rigorous strength tests over a 90-meter length using a Fluke Networks DSX-8000 meter. Therefore, if you are seeking materials with exceptional durability, this is an excellent option.
